Rickard is known to have made may enemies as a promoter in New York. He got in on the ground floor when boxing was legalized here in the fall of 1920 and took over Madison Square Garden with a tremendous overhead expense. Anyway, their temporary incapacity for work against the Yankees, who are touring with the Robins, may give Manager Wilbert Robinson nothing else to do but use his recruit pitchers. Robble has three good ones, Decatur, Brown and Hockett, who are full of a yearn to work against Babe Ruth and company.

Spectators with the Philadelphia Nationals at Leesburg, Fla., are writing letters to the family about a left hand pitcher responding to the name of Pinto who not only pitches, but also tries to play the entire infield at the same time. Pinto told Manager Kaiser Wilhelm that Pinto means pepper in the original Siwash, and Wilhelm believes him. The lad has a fob without question.

The Yankees will have a few tears to spare for the Chicago White Sox over the loss of their ace left-hand pitcher, Dickie Kerr, who has hand pitcher, Dickle Kerr, who has given up hope of getting the salary he wants from Owner Charley Comiskey and nas returned home to Texas. Kerr and Urban Shocker, of the St. Louis Browns, were two poison men to the Yankees last year, and Kerr almost cost the Yanks a pennant. Dickle won six ball games from Babe Ruth and his fence-busting bugdles.

Heinie Groh, the batting stylist. who practices a stance of his very own, squarely facing the pitcher when standing at the plate, has been a disappointment thus far in his spring hitting. The Gianta' new third baseman is still out of his regular hitting stride, with about the lowest average among the Giant regulars for the training games.

On the Other Side.

No heavyweight champion since the time of John Lawrence Sullivan has fought in Europe, with the lone exception of Jack Johnson, who suddently developed a yearning desire to leave this country at top speed.
